Grand Total	2302

Note: Where above data reflects a release for a J.P. (justice of the peace) matter, or other sentence served type activity, this indicates the person released had not only the felony pre-trial matter but some additional matter upon which they were released. The data starts with the person being jailed on a felony pre-trial matter and then released. If that person was jailed on an additional matter, his release on the additional matter is coded differently.
